

# Integrated Technologies for Advanced Shrimp Production

The special issue is a collection of papers presented at the "Symposium on Integrated Technologies for Advanced Shrimp Production" which was held in October 13-15, 2009 in the East-West Centre, University of Hawaii and sponsored by a grant from the National Oceanic and Atmospheric Administration to the Oceanic Institute.

The special issue consists of 12 papers which include contributions from renowned scientists who are no strangers to the shrimp farming world. Together, they present the latest in shrimp farming, dealing with cutting edge technologies on topics ranging from genetics, to environmental and health management.
